SUMMARY

Seeking an opportunity to utilize my technical skills and collaborate with a team to achieve shared organizational goals. Currently a final-year undergraduate student pursuing a Bachelor's degree in Computer Science and Engineering at APJ Abdul Kalam Technological University, with a strong interest in contributing to real-world projects, eager to learn, and passionate about problem solving.

EDUCATION

N S S College of Engineering Palakkad   2022–2026
Bachelor of Technology in Computer Science and Engineering
CGPA up to S6 : 83

Sevamandir Post Basic Higher Secondary School   2019–2021
Plus Two. Kerala Board of Higher Secondary Education
Percentage: 96.5

TECHNICAL STRENGTHS

Software & Tools: MS Office, Flutter, Git, GitHub
Programming Languages: Python, C, Java, MySQL, Dart, JavaScript

PROJECTS

SmarteX Expense Tracker
– A Flutter-based mobile app that helps users manage expenses efficiently through both manual entry and automatic detection from SMS.
– Implemented automatic SMS retrieval to capture expense details without manual input.

Plant Disease Prediction
– Designed and implemented an ML-based plant disease prediction system comparing classical models (SVM, Random Forest) with a custom CNN.

INTERNSHIPS

Machine Learning & Artificial Intelligence internship
– Completed an internship on 'Machine Learning & Artificial Intelligence,' organized by the ICT Academy of Kerala

CERTIFICATES

– NPTEL : Problem Solving through Programming in C
– TCS iON : Presentation Skills, Communication Skill
– Talk Session Coordinator, Solasta '24 (STACS)

WORKSHOPS AND COMPETITIONS

– OneAi Hackathon : Selected as one of the Top 10 college finalist teams by Speridian Technologies.
– Dusk Till Dawn : Participated in 12-hour hackathon during Dyuksha '23 at NSSCE
– NASA Space Apps Hackathon : Participated in 2-day NASA Space Apps Hackathon
– Hactiv : Cyber Security workshop

LEADERSHIP

– Media Head at Students' Association Of Computer Science NSSCE
– Troop Leader in Scouts

ACHIEVEMENTS

– Selected for the Infosys Springboard Internship 6.0
